CARBON-NEUTRAL BUILDING IN ENERGY TRANSITION

Tuesday 28th January 2020 | Tampere, Finland

www.smartmindtrek.org #smartmindtrek #tscw

How can carbon-neutral building be achieved? Join us in Tampere next January to find it out! During the event, you will hear the latest twists and turns on energy communities and carbon-neutral building. Come hear top experts and get inspired!

Our keynote speaker, professor Holger Wallbaum from Chalmers University of Technology will share his learnings from international best practice on how to build a carbon-neutral future. We will also hear experiences from the forerunner country of Norway told us by Project Manager Ulla Hahn from FutureBuilt, and much more.

For further information, registration, tickets and a full speaker line-up, please visit the website: www.smartmindtrek.org
